

ALBOURNE SCHOOL ACCESSIBILITY PLAN 2021-2022

The Albourne School Accessibility Plan is compliant with current legislation and requirements as specified in Schedule 10, relating to the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over the prescribed period. This accessibility plan ensures that we continue to improve all aspects of the physical environment of the school site, the curriculum and written information so that all pupils with a disability can take full advantage of the education and associated opportunities provided by Albourne School.

Definition (Equality Act 2010)

“A person has a disability if he or she has a physical or mental impairment that has a substantial and long term adverse effect on his or her ability to carry out normal day to day activities.” Physical or mental impairment includes sensory impairments and also hidden impairments. In the DDA ‘substantial’ means more than minor or trivial. Long-term means has lasted or is likely to last more than 12 months.

The definition is broad and includes children with a wide range of impairments, including learning disabilities, dyslexia, autism, speech and language impairments, attention deficit and hyperactivity (ADHD), diabetes or epilepsy, where the effect of the impairment on the pupil’s ability to carry out normal day-to-day activities is adverse, substantial and long term. A significant number of pupils are therefore included in this definition.

Normal day-to-day activity

The test of whether the impairment affects normal day- to - day activity is whether it affects one or more of the following:

- Mobility;
- Manual dexterity;
- Physical co-ordination;
- Continence;
- Ability to lift, carry or otherwise move everyday objects;
- Speech, hearing or sight;
- Memory or ability to concentrate, learn or understand;
- Perception of risk of physical danger.

The accessibility plan will be reported upon annually in respect of progress and outcomes, and provide a projected plan for the next 3 year period ahead of the next review date of 2021.

Albourne is a seven class rural school that prides itself on its ability to adapt to the needs of its varied community. The school currently has pupils with registered visual and auditory impairment, autistic spectrum disorders, speech and language difficulties, emotional and behavioural difficulties, and learning disabilities.

Accessibility Plan

Albourne CE Primary School

Date: 2021

| Target | Tasks | Timescale | Resources | Responsibility | Monitoring |
|--|--|--|---|--|---|
| <p>Access to the curriculum</p> <p><u>Physical environment</u> Improving the physical environment of school to enable those with disabilities to take better advantage of education, benefits, facilities and services provided,</p> | <p><u>Identification of physical barriers in the school</u></p> <p>Alter or improve facilities to meet diverse needs of pupils, staff, parents and community users.
