

What an amazing year we have had at Albourne C of E Primary. We have driven the Vision – the **Albourne Way – living life to the full** and have seen this lived in everyday life here from the progress the children have made to the rich learning experiences they have had. Our children have flourished, leading to above National results across the board. Although outcomes are incredibly important, there have been so many rich learning experiences as well.

Challenging children at the many workshops @ Hurst College this year

Performing Shrek the Musical @ the New Bury Theatre

Making a solar lamp @ Hurst College

As part of the Hurst Education Trust, the staff have had excellent professional development, using the latest research to ensure the highest quality of teaching & learning across the school. All schools that are part of the trust have termly monitoring visits to ensure that the children are experiencing the best possible education and our latest report states that, ***'Albourne school continues an upward trajectory of improvement and is now showing features of a truly high performing school.'*** We are passionate that we are creating a culture in which ALL children are ambitious learners and are excited about learning. This can be seen in the incredible progress in writing this year across the school and the desire to win the Albourne Writers' Award. ***'I do not know what you have done to him, but this smile has not left his face since winning the trophy. We have had friends to stay all weekend and he has not stopped talking about it. He has talked about winning all year. The trophy is in the porch so he can tell everyone about it.'*** Y3 Parent
